## Preface

This report provides you with the results of the 2020 Northeast Florida Nonprofit Compensation and Benefits Survey.

## Purpose of this Report

The purpose of this report is to illustrate nonprofit compensation and benefits practices within the Northeast Florida region. A primary and critical goal of nonprofit organizations is to attract, recruit and retain wellqualified professional and support staff, who can implement effective and impactful programs and services in our community. Competitive compensation, attractive benefits packages and equitable policies support this goal. One of the challenges to achieving this goal is finding accurate and comprehensive data on salaries and benefits in the nonprofit field. This report provides you with the information needed to evaluate your own compensation and benefits practices.

This report is divided into the following sections:

## I. Guide to Using the Report

Offers information on how to compare your own practices to the survey data including matching jobs, definitions of terms used and how to calculate pay movement.

## II. Executive Summary with Median Base Salaries

Provides highlights of the full report.
III. Participant Overview

Provides detail on the participants including type of organization, annual expenses, location and number of employees.
IV. Compensation and Benefits Practices

Includes data on vacation, holiday, sick leave and other time off policies as well as insurance premium and retirement program practices. Also included are data on salary budgets, salary increases, bonus practices, overtime and shift differential policies, miscellaneous employee benefits, and additional information about employees in four key executive-level positions.

## V. Compensation by Position

Details the compensation (base pay and total compensation) for each position in the report according to several variables, including the organization's location, annual operating expenses, field of service, total number of employees and employees' gender.

## I. Guide to Using the Report

When using the data in this report, we suggest you consider the following:

- The survey reports the compensation and benefits practices in effect on October 1, 2019, as reported by 101 nonprofit organizations in Northeast Florida.
- The survey findings represent actual practices reported by the participants in the survey. The survey, therefore, is not a scientifically selected sample from which conclusions can be drawn about all nonprofits in the area. Also, the results are not intended to represent an ideal of what compensation and benefits should be.
- When developing compensation or benefits programs, a nonprofit organization should consider its compensation philosophy and the internal value of jobs in addition to survey data.

## Matching Jobs

When seeking information for a particular job, it is important to carefully match your job's duties and responsibilities with that of the survey positions:

- Each job title is defined by an accompanying job description. Individual organizations may use the same job title to designate very different jobs.

TIP: We strongly recommend using the job descriptions rather than the job titles alone to match your jobs to those in the survey.

- To find compensation data for a specific job in your organization, first match the position to a job description that is found at the top of each Compensation by Position page. Jobs are grouped under general classifications or functions. Review several job descriptions within a function to determine the best match.
- To ensure that the job description you choose is as similar as possible to the actual job at your organization, at least 80 percent of the job responsibilities and requirements should be the same or comparable.
- There are positions for which you might expect to find only one person from a single organization, but if multiple employees' responsibilities and requirements match the job description, then more than one employee from a single organization will be included in the sample for that position.

## Determining/Comparing Compensation

- Review all the data subsets (such as organization's annual expenses or field of service) to locate those most relevant to your organization. Note that the pay for senior management positions is most often influenced by the size of a nonprofit organization, with larger organizations paying higher salaries. However, organization size typically has less effect on lower-level supervisory, professional or support jobs.
- You may also consider the variable information provided within a subset of data. For example, if your organization's annual expenses are $\$ 2.3$ million, it may be appropriate to compare third quartile salary data in the annual expenses group from $\$ 1$ to $\$ 2.5$ million because your annual expenses size is closer to the high end of the range. If you are planning substantial growth in the immediate future and the annual expenses next year are expected to be over $\$ 2.5$ million, then consider using the compensation information from the data subset providing pay levels for larger organizations.
- This report reflects salaries in effect October 1, 2019. Salary increase budgets in the current fiscal year and projections of salary increases for the next twelve months (see page 19) were entered before the COVID-19 outbreak of early 2020 and may be subject to re-consideration by many organizations as they respond to changing economic conditions. Under more typical circumstances, we would recommend that you add approximately $0.25 \%$ per month to the compensation data reported in this survey for each month that has passed since October 1, 2019. This is equivalent to an adjustment of approximately $3.0 \%$ per year, the median overall salary increase budget cited. However, as of the publication of this report in the spring of 2020, many organizations may decrease or delay planned pay increases, making it difficult to anticipate overall changes in pay rates further in the near future.

## Terminology and Abbreviations

The following terms and abbreviations are used in the Compensation by Position tables and throughout this document:

| Term | Definition |
| :--- | :--- |
| Across-the-board salary increase | A general pay increase, usually of a certain percent, given to every eligible <br> employee in an organization. The increase may be linked to cost of living or <br> other economic indicators; see also Cost of Living Increase. |
| Actual bonus paid | Not all employees who are eligible for bonuses actually receive them. The data <br> in this row of the Compensation by Position tables detail the numbers of <br> employees receiving bonuses and, where there are sufficient data, information <br> on the amounts paid. |
| Average salary | The sum of all salaries or cash compensation divided by the number of <br> incumbents. Average salary figures may be unduly influenced by a few <br> extremely high or low salaries or by the wage practices of a small number of <br> organizations if they employ large numbers of employees in a particular <br> category. Median salaries are less influenced by extremes. |
| Base salary-All Employees | In the Compensation by Position tables, the average full-time, annual base salary <br> paid for the position. Part-time salaries have been annualized based on a 40- <br> hour workweek. Base salaries do not include the cost of benefits, incentive pay, |
| or perquisites. To convert annual salaries to hourly, weekly, or monthly figures, <br> consult Appendix B of this report. |  |

## Positions

We received enough data to print reports for 93 survey jobs. Nearly 4,000 individual salaries were used to generate this report.

Job titles that were not reported by a minimum of five organizations have been omitted from the survey due to insufficient data.

## Data Required for Reporting

To ensure the confidentiality of all data, a minimum number of responses is required for each statistic. A minimum of five organizations is required to report compensation in any data subset. The average and median are reported when this threshold is met. The 25 th and 75 th percentiles are also reported for samples of at least twelve incumbents (employees). When there are fewer than five organizations responding for any particular line of data, the entire line is left blank.

## II. Executive Summary with Median Base Salaries

The 2020 Northeast Florida Nonprofit Compensation and Benefits Survey was commissioned by the Nonprofit Center of Northeast Florida to illustrate nonprofit compensation and benefits practices in the Northeast Florida region.

## Conduct of the Survey

The FAIRPAY nonprofit salary and benefits model and software application was utilized. The survey was conducted by Nonprofit Compensation Associates, Inc., based in Oakland, California.

All 501(c)(3) nonprofit organizations with at least one paid employee, operating within the counties of Baker, Clay Duval, Nassau and St. Johns were invited to participate. Northeast Florida nonprofit organizations were sent the survey instrument via email and asked to return the completed survey to an email address that afforded complete confidentiality. Organizations had twelve weeks in which to participate. Participants were asked to provide compensation and benefits data effective as of October 1, 2019.

The 2020 Northeast Florida Nonprofit Compensation and Benefits Survey provides the results of the data collected. To ensure the confidentiality of all data, a minimum number of responses were required for each statistic. Where appropriate, compensation was reported utilizing the $25^{\text {th }}$ percentile, median $\left(50^{\text {th }}\right.$ percentile), $75^{\text {th }}$ percentile and average. Reporting was also done, where appropriate, according to the organization's location, annual operating expenses, field of service, total number of employees and by the employees' gender. Insurance and retirement benefits are delineated as well as other compensation and employment practices.

## Findings

One hundred one (101) eligible nonprofit organizations that employ over 7,000 people completed the survey instrument. Data was compiled on nearly 4,000 individual salaries (the number that met the criteria for reporting purposes) that were categorized into 93 job titles.

The annual operating expenses of participating nonprofits range from under $\$ 100,000$ to over $\$ 50,000,000$ per year. The median annual operating expenses among participating organizations $\$ 2,189,972$. Organizations are divided into five categories based on their annual operating expenses.

Seventy-seven percent of participating nonprofits define a full-time workweek as 40 hours per week; one percent use 38 hours, six percent use 37.5 hours and ten percent use 35 hours. The remaining six percent are predominantly small nonprofits with a less structured policy.

Fifty-five percent of employees at participating organizations work full-time while 45 percent work part-time. The participating organizations experienced annual turnover rates (including both voluntary and involuntary turnover) of 24 percent for full-time employees and 36 percent for part-time employees during the past year.

Sixty-seven percent of the participating organizations' executive directors are female; 33 percent are male.

## Benefits: Paid Time Off

Less than half (41 percent) of participating nonprofits provide full-time employees with specific, separate numbers of paid days off for vacation, holiday and sick leave. Fifty-two percent have a PTO (Paid-Time-Off) program instead, giving employees a set number of days off to be taken for any purpose. Another seven percent, mostly small organizations, have a less formal policy.

Forty-nine percent of nonprofits with part-time employees offer paid time off to their part-time staff. More than half of these organizations require that those employees work a minimum work schedule to be eligible, with an average of 24 hours per week required.

Ninety-three percent of participants report having a formal policy regarding paid time off. This includes 84 percent of surveyed organizations that have one vacation schedule for all employees, often giving an increasing number of vacation days the longer an employee remains with the organization, and nine percent with two or more schedules depending on the type of employee. Surveyed nonprofits provide an average of 10.5 paid holidays as well as an average of 8.8 paid sick days per year.

## Benefits: Insurance \& Retirement

Eighty-two percent of surveyed nonprofits offer some type of medical insurance to full-time employees. The likelihood that an organization offers medical insurance benefits to employees varies by the size of the organization, with smaller organizations much less likely to offer medical insurance than larger organizations. Overall, fifty-two percent of organizations offer a traditional health plan, 27 percent offer a cafeteria plan, four percent pay a stipend directly to employees for the purchase of their own insurance coverage and eighteen percent offer no insurance benefits.

Of the respondents who have part-time employees, 68 percent indicate that only full-time employees are eligible; 29 percent indicate that their part-time employees are eligible for medical insurance coverage, as long as they maintain a minimum number of hours per week (on average, 28 hours per week). The remaining three percent are eligible regardless of work schedule.

Seventy-one percent of surveyed organizations provide some type of retirement benefit to their full-time employees. For these employers, tax-sheltered annuities such as $401(\mathrm{k})$ and 403 (b) plans are by far the most popular type ( 56 percent of all organizations participating in this study), followed by IRA/SEP-IRA plans (thirteen percent) and other defined contribution plans (four percent). Several organizations offer more than one type of plan.

Eighty-two percent of those with retirement benefits have plans in which both the employer and the employee contribute to retirement. In eight percent, only the employee contributes, and in six percent, only the employer contributes.

Organizations that contribute to employees' retirement plans were asked to describe that contribution. Ninety-two percent indicated that they contribute some percentage of each employee's annual salary, usually the same for all employees. If the percentage increases with an employee's length of service, organizations entered the highest percentage, or cap, of an employee's salary that would be contributed. The range of all percent of salary responses is from one to fifteen percent, with an average response of 4.91 percent.

## Compensation

In general, male CEOs/Executive Directors earn higher pay than do females. The median base pay for all CEOs/Executive Directors in the sample is $\$ 115,000$ per year; for men, the median base pay for CEOs/Executive Directors is $\$ 130,000$ per year; for women, the median base pay for CEOs/Executive Directors is $\$ 104,500$ per year. While a majority ( 67 percent) of all CEO/Executive Directors in the sample are women, there is a relatively larger proportion of men in the CEO/Executive Director positions of the largest organizations, which tend to pay higher wages.

The median base pay for all non-executive employees represented in this survey is $\$ 35,000$. Among men in non-executive positions, the median pay is $\$ 28,080$. Among women in non-executive positions, the median pay is $\$ 35,360$. Of the 93 jobs reported, 46 of them have overall median base pay levels of less than $\$ 40,000$.

Many participating nonprofits use more than one method to grant salary increases. Merit/performance was cited by 55 percent, across-the-board increases by 37 percent, cost of living by 30 percent and length of service by seven percent. Eighty-four percent of participating organizations expect to have salary increase budgets in their current fiscal year.

Eighty percent of the participating nonprofits report a performance review interval of one year, nine percent conduct reviews every six months, three percent conduct quarterly reviews, and eight percent have some other schedule or no set interval.

Fifty-one percent of surveyed nonprofits reported that they have a formal policy that allows for incentive pay for their CEO/Executive Directors.

Appendices include a list of survey participants, wage conversion formulas and tables and an alphabetical list of job titles.

## Effective Date

We asked the participants to provide salary data effective as of October 1, 2019.

## Participants

All 501(c)(3) nonprofit organizations with at least one paid employee operating within the counties of Baker, Clay, Duval, Nassau and St. Johns were invited to participate in the survey by submitting their information into the survey database.

One hundred one (101) nonprofit organizations in Northeast Florida participated in the survey. These organizations provided comprehensive information on compensation and benefits for positions common to nonprofits. A list of the participants is included in Appendix A. The tables in this section provide you with an overview of the participants-their fields of service, their annual operating expenses and the number of staff they employ.

## Fields of Service

The 101 organizations represent ten separate self-reported fields of service. Fields of service represented by at least five organizations appear in the Compensation by Position pages as separate data categories.

| Participation by Field of Service |  |
| :--- | :---: |
| Field of Service | \# of Orgs |
| Arts \& Culture | 7 |
| Education | 14 |
| Professional Affiliations | 2 |
| Health, General | 8 |
| Health Institutions | 3 |
| Human Services | 47 |
| Housing \& Community Development | 5 |
| Public Support \& Benefit | 10 |
| Environment \& Animal Welfare | 4 |
| Religion | 1 |
| Total | $\mathbf{1 0 1}$ |

## Annual Expenses of Organization

Annual expenses size groups have been established where natural breaks occurred in the data and to ensure a sufficient number of responses in each to provide valid information.

| Annual Expenses Groups | \# of Orgs |
| ---: | :---: |
| To $\$ 500,000$ | 19 |
| $\$ 500,001-\$ 1,000,000$ | 13 |
| $\$ 1,000,001-\$ 2,500,000$ | 22 |
| $\$ 2,500,001-\$ 5,000,000$ | 20 |
| Over $\$ 5,000,000$ | 27 |
| Total | $\mathbf{1 0 1}$ |

The following chart illustrates the distribution of participants by annual expenses:

This table shows the participants' average and median annual expenses across each of the annual expenses groups:

| Annual Expenses Groups | Average Annual Expenses | Median Annual Expenses: |
| ---: | :---: | :---: |
| To $\$ 500,000$ | $\$ 292,756$ | $\$ 300,000$ |
| $\$ 500,001-\$ 1,000,000$ | $\$ 878,267$ | $\$ 853,271$ |
| $\$ 1,000,001-\$ 2,500,000$ | $\$ 1,703,210$ | $\$ 1,619,375$ |
| $\$ 2,500,001-\$ 5,000,000$ | $\$ 3,614,425$ | $\$ 3,631,244$ |
| Over $\$ 5,000,000$ | $\$ 11,981,340$ | $\$ 8,235,897$ |
| All Organizations | $\$ 4,457,774$ | $\$ 2,189,972$ |

## Using Annual Expenses Data to Evaluate Pay

The size of an organization typically affects pay for management-level staff because of the increased complexity of the organization itself, number of employees supervised and overall financial responsibility: the larger the nonprofit, the higher the compensation for a senior manager. The following table demonstrates this pattern.

| Annual Expenses Groups | Median Base Pay for CEO/Executive Director |
| ---: | :---: |
| To $\$ 500,000$ | $\$ 63,548$ |
| $\$ 500,001-\$ 1,000,000$ | $\$ 84,000$ |
| $\$ 1,000,001-\$ 2,500,000$ | $\$ 111,100$ |
| $\$ 2,500,001-\$ 5,000,000$ | $\$ 126,364$ |
| Over $\$ 5,000,000$ | $\$ 163,571$ |
| Median for all | $\$ 115,000$ |

The following chart illustrates median CEO/Executive Director pay across annual expenses groups:

An organization's annual expenses does not have quite the same impact on pay for professional or support staff, as their jobs are similar whether they are in a large organization or a small one. Instead, the pay philosophy of the organization, its formal salary administration program and sources of funding may determine the pay levels of these jobs.

TIP: We recommend you utilize the annual expenses groupings to determine the pay level of a senior manager, and use other criteria such as field of service or the data for all organizations when analyzing pay for support and professional positions.

## Staff Size

The average number of employees in each size group is another measure against which to evaluate pay for those individuals with responsibility for the entire organization, or for a substantial part of it. Fifty-five percent of employees at participating organizations work full-time while 45 percent work part-time.

| Annual Expenses Groups | Average Number of Full-Time <br> Equivalent Employees (FTEs) |
| ---: | :---: |
| To $\$ 500,000$ | 3 |
| $\$ 500,001-\$ 1,000,000$ | 7 |
| $\$ 1,000,001-\$ 2,500,000$ | 16 |
| $\$ 2,500,001-\$ 5,000,000$ | 52 |
| Over $\$ 5,000,000$ | 105 |

The following chart illustrates the average number of FTEs per annual expenses group:

Data are also calculated on employee size groupings.

TIP: If your organization has particularly low annual expenses relative to the number of employees, or vice versa, then compare your data based on both annual expenses and employee size groups.

| Employee Size Groups | \# of Organizations |
| ---: | :---: |
| 1 to 10 FTEs | 35 |
| 11 to 25 FTEs | 25 |
| 26 to 75 FTEs | 26 |
| Over 75 FTEs | 15 |
| Total | $\mathbf{1 0 1}$ |

## Staff Demographics by Gender

## Turnover Rates

We asked respondents for basic information about the number of positions in which an existing employee had left and been replaced by a new employee. The table and chart below show the percentage rate of turnover for full-time and part-time positions, based on the size of the organization:

| Employee Size Groups | Full-Time Turnover <br> Involuntary |  | Part-Time Turnover <br> Voluntary <br> Involuntary |  |

## IV. Compensation and Benefits Practices

## Compensation Practices

## Salary Increase Budgets

Eighty-five organizations ( $84 \%$ of respondents) report salary increase budgets in their current fiscal year.
The average salary increase budget for the current fiscal year is 2.63 percent, as detailed in the following table:

| Survey Sample | \# of <br> Organizations | 25th percentile | Salary Increase Budget <br> Median | 75th percentile |
| :---: | :---: | :---: | :---: | :---: | Average | 2then |
| :---: |
| All participating organizations |
| Organizations reporting salary increase budgets |

## Salary Increase Practices

When asked what method best describes their salary increase practices, more than half ( 55 percent) of participants in this survey report that they award salary increases based on merit or performance. Some organizations report more than one answer, as shown below. Note the varying sample sizes:

| Salary Increase Practice | $\begin{array}{c}\text { \% of these that } \\ \text { Sample } * \\ \text { gave increase } \\ \text { in previous 12 } \\ \text { months }\end{array}$ | $\begin{array}{c}\text { Average } \\ \text { increase given }\end{array}$ | $\begin{array}{c}\text { \% of these that } \\ \text { expect to give } \\ \text { increase in next } \\ \text { nonths }\end{array}$ |
| ---: | :---: | :---: | :---: | :---: |
| Average increase |  |  |  |
| expected |  |  |  |$\}$

* Some organizations report more than one practice.

Note: Many organizations reporting any of the practices listed above do not necessarily give salary increases based on that criteria during a particular period of time. For example, although the majority of organizations consider merit/performance with respect to pay increases, eighty-nine percent of those organizations gave increases based on merit/performance during the past 12 months, and seventy-seven percent expect to give such increases during the next 12 months.

## Salary Grades and Ranges

Fewer than half of respondents (43 percent) indicate that they use salary grades or ranges in their organization.

| Grades \& Ranges | \# of Organizations | \% of Orgs |
| ---: | :---: | :---: |
| Use grades or ranges | 43 | $43 \%$ |
| Do not use grades or ranges | 58 | $57 \%$ |
| \# Organizations Responding | $\mathbf{1 0 1}$ |  |

Among organizations that use salary grades and ranges, $37 \%$ report that they adjusted ranges upward during the past twelve months, with a median adjustment of $3.0 \%$. Thirty-three percent $(33 \%)$ plan to adjust their ranges during the next twelve months and report a median expected adjustment of $3.0 \%$.

Among organizations that use salary ranges, $27 \%$ publish ranges with job announcements. Among organizations that do not currently use salary ranges, $31 \%$ plan to start using them in the near future.

## Incentive Pay or Bonuses

Of the 101 respondents, 51 percent indicate that they provide the CEO/Executive Director with some type of incentive or bonus opportunity. Significantly fewer organizations offer some incentive bonus opportunities to other categories of employees.

| Employee Group - Bonus Eligible | \# of Organizations | \% of Orgs |
| ---: | :---: | :---: |
| CEO/Executive Director | 52 | $51 \%$ |
| Senior Staff | 38 | $38 \%$ |
| Program Management Staff | 39 | $39 \%$ |
| Support and Administrative Staff | 33 | $33 \%$ |

Note that the existence of incentive or bonus plans does not necessarily mean employees in those plans were paid bonuses. Actual payments are detailed in the Compensation by Position pages.

## On-Call Practices

Thirty-two respondents ( 32 percent of the 101 participants) indicate that they have some type of on-call pay practice.

| On-Call Pay Practices | \# of Organizations | \% of Orgs |
| ---: | :---: | :---: |
| Pay for hours worked (including overtime) | 10 | $10 \%$ |
| Pay a flat rate for being on call | 5 | $5 \%$ |
| Provide compensatory time off or flex-time | 6 | $6 \%$ |
| Do not pay or provide time off (exempt staff) | 5 | $5 \%$ |
| Pay a show-up rate and hourly pay for time worked | 3 | $3 \%$ |
| Other | 3 | $3 \%$ |
| Total Responses | $\mathbf{3 2}$ | $\mathbf{3 2 \%}$ |

## Per Diem Compensation for Work-Related Travel

Per diem compensation refers to a daily allowance paid to employees on work-related travel to cover expenses such as food and/or lodging. Forty-four of the organizations in the survey sample (44 percent) pay a standard per diem rate to employees on work-related travel. Reported rates range from $\$ 20$ to $\$ 100$, with a median of $\$ 50$.

## Extensive Overtime by Exempt Staff

When dealing with overtime by exempt staff, 22 percent of organizations surveyed report that they have no formal policy. Another 35 percent provide compensatory time off to compensate staff. (Note, the Wage and Hour laws do not mandate overtime pay for exempt staff.) Thirty-eight percent of respondents indicate that they do not compensate exempt staff for overtime.

| Practice | \# of Responses | \% of Orgs |
| ---: | :---: | :---: |
| Provide compensatory time off | 22 | $22 \%$ |
| Pay straight time | 35 | $35 \%$ |
| Pay overtime rates | 1 | $1 \%$ |
| Do not compensate for extensive overtime | 5 | $5 \%$ |
| \# Organizations Responding | 38 | $38 \%$ |

## Evening/Night Shift Differentials

Of the 32 nonprofits that indicate they have an evening or night shift, the majority indicate that they do not pay any special rates beyond regular hourly pay and overtime, if applicable. Fifteen percent of those organizations that have an evening or night shift indicate that an additional shift differential is paid for this work, most often $\$ 0.50$ to $\$ 1.00$ per hour.

## Premium for Bilingual Skills

Only one organization in the survey sample ( $1 \%$ ) reports paying a premium for bilingual skills, resulting in insufficient data to report details for this topic.

## Employment Practices

## Full-Time Workweek

Around three-fourths of organizations (77 percent) report a full-time workweek of 40 hours. Organizations reporting "Other" are predominantly small nonprofits without a formal policy.

| Full-Time Workweek | \# of Organizations | \% of Orgs |
| ---: | :---: | :---: |
|  | 40 hours | 78 |
| $77 \%$ |  |  |
| 38 hours | 1 | $1 \%$ |
| \# Organizations responding | 67 hours | 65 hours |

## Introductory Period

The 87 organizations with an introductory period report an average of 2.9 months. Of those organizations that report an introductory period, 36 percent indicate that employees are eligible for paid time off benefits and 44 percent indicate that employees are eligible for insurance benefits during the introductory period.

| Length of Introductory Period | \# of Organizations | \% of Orgs |
| ---: | :---: | :---: |

## Time Off Practices

The primary methods used for providing time off benefits to employees are:

- Separate vacation, sick leave and holiday benefits: 41 organizations (41 percent)
- Paid-time-off (PTO): 53 organizations ( 52 percent)

In addition, seven respondents (seven percent) report different time off policies for their staff, including no formal time off policies.

Of the respondents who have part-time employees, 49 percent indicate that their part-time employees are eligible for paid time off benefits. These benefits are virtually always pro-rated according to employees' work schedules. Thirty-two percent require the part-time employee to work a minimum number of hours per week to be eligible. On average, this minimum is 24 hours per week. Another 17 percent offer paid time off benefits to part-time employees regardless of the number of hours they work each week. The remaining 51 percent of organizations do not offer paid time off benefits to part-time employees.

Seventy-three percent of organizations with formal time off policies allow unused vacation or PTO time to be carried over to the following year. When asked for the maximum number of days that can be carried over, they report a median of 10 days per year.

Twenty-eight percent of respondents report that their organizations close their operations around the end-ofyear holidays, providing time off for employees in addition to their regular vacation/PTO and holiday timeoff benefits. When asked for the number of additional time off, they report a median of 5 days.

## Separate Vacation, Sick Leave and Holidays-All Employees Receiving the Same Benefits

The survey results show that 37 survey participants ( 37 percent) provide the same benefit to both exempt and non-exempt staff, and employees accrue vacation, holiday and sick leave separately:

Organizations are most likely to provide other paid time off for bereavement and jury duty. Around one-third provide paid time off for childbirth/adoption (primary caregiver), military service, and family illness. Fewer organizations provide paid time off for childbirth/adoption (secondary caregiver), job-related education and volunteer service.

## Insurance and Retirement Benefits

## Insurance Coverage Offered

Most survey participants ( 82 percent) offer some type of insurance coverage, at an average cost to these organizations of $\$ 580$ per employee per month. Fifty-two percent of organizations offer a traditional health plan and 27 percent offer a cafeteria plan, in which employees may choose from a variety of types of insurance coverage up to a certain dollar amount. Another four percent pay a stipend directly to employees for the purchase of their own insurance coverage, with an average monthly stipend reported of $\$ 325$. Eighteen percent offer no insurance benefits.

The likelihood that an organization offers medical insurance benefits to employees varies by the size of the organization, with smaller organizations much less likely to offer medical insurance than larger organizations.

| Annual Expenses Groups | \% of Organizations <br> with medical coverage | $\%$ of Organizations <br> with stipend | \% of Organizations <br> not contributing |
| ---: | :---: | :---: | :---: |
| To $\$ 500,000$ | $11 \%$ | $11 \%$ | $79 \%$ |

| Over $\$ 5,000,000$ | $100 \%$ | $0 \%$ | $0 \%$ |
| All Organizations | $\mathbf{7 8 \%}$ | $\mathbf{4 \%}$ | $\mathbf{1 8} \%$ |

Many respondents offer more than one type of medical insurance and a variety of other insurance benefits, as detailed below. Note that these tables include organizations that offer insurance through a cafeteria plan, as well as through a traditional insurance plan. Organizations paying a stipend for employees to purchase their own insurance are counted in each type of medical insurance offered (HMO, EPO, POS and PPO).

TIP: The Employer Contribution tables on pages 31-36 detail the percentage of health care premiums paid by employers who offer traditional plans rather than cafeteria plans. Use these tables as a guide to health care costs if you offer your employees a designated set of group health care benefits.

The Cafeteria Plans table on page 30 provides information about the types of insurance offered by organizations that provide health care coverage through a cafeteria plan, as well as information about the average cost to the employer per employee. Use this table as a guide to health care costs and options if you offer your employees health care coverage through a cafeteria plan.

## Eligibility

## Waiting Period for New Employees

Survey participants were asked to specify the waiting period before coverage begins for new employees. Please note that the federal Patient Protection and Affordable Care Act (PPACA) prohibits waiting periods longer than 90 days for group health plans.

## Coverage for Domestic Partners

Of organizations that administer insurance coverage for their employees, 55 percent offer medical insurance to domestic partners of employees. Of those, 14 percent pay all or some of the premium for domestic partners, while 41 percent do not pay any of the premium. The remaining 45 percent do not offer any medical coverage to domestic partners. Among those that do offer coverage to domestic partners, five percent make these benefits available only to opposite-sex couples, two percent make these benefits available only to same-sex couples, and 93 percent make these benefits available to both opposite-sex and same-sex couples.

## Cash In Lieu of Insurance Benefits

Of the organizations that provide insurance benefits, nine percent offer a cash payment to employees who are covered under a spouse or partner's policy and choose to forego insurance benefits. The median monthly payment amount is $\$ 225$.

## Section 125 Plans (Cafeteria Plans)

Section 125 plans use pre-tax dollars to pay for employee benefits. The most comprehensive type of Section 125 plans reported in this survey is the cafeteria plan, in which employers provide a certain dollar allotment per employee and employees choose their benefits from a list, paying the difference if their chosen benefits cost more than the allotment. Overall, 27 percent of participants indicate that they offer employees a choice of benefits through a cafeteria plan, as detailed below:

| Type of Insurance Offered | \# of Organizations | \% of Organizations |
| ---: | :---: | :---: |
| Health Maintenance Organization (HMO) | 23 | $85 \%$ |
| Exclusive Provider Organization (EPO) | 0 | $0 \%$ |

| Voluntary supplemental plans | 18 | $67 \%$ |
| Retirement plan, any type | 19 | $70 \%$ |
| Other | 2 | $7 \%$ |
| Total Offering a Cafeteria Plan* | 27 | 20 |

*Some organizations offer more than one type of medical insurance through a cafeteria plan.
Other types of Section 125 plans include:

- Premium-Only Plan, which is a simplified version of the cafeteria plan. Fifty-two organizations (51 percent of the total sample) administer their insurance benefits through a premium-only plan.
- Flexible Spending Account (FSA), in which pre-tax dollars are set aside by employees for their health care or dependent care expenses. The two types of FSA are the Health Care Spending Account (HCSA) and the Dependent Care Spending Account (DCSA). Twenty-eight surveyed organizations (28 percent of the total sample) offer an HCSA and/or DCSA to employees. These accounts are usually funded exclusively by employee contributions.

## Other Insurance-Related Programs - HRAs \& HSAs

Apart from the Section 125 plans, participants were asked about two other insurance-related programs:
HRA (Health Reimbursement Arrangement), in which the employer contributes a certain amount per employee per year for health care expenses. This money may be rolled from one year to the next but may not be portable if an employee leaves his or her job. Two organizations (two percent of the total sample) offer an HRA to its employees.

HSA (Health Savings Account), in which the employee and/or employer make pre-tax contributions that are used by the employee for future medical or long-term care premium expenses. These accounts are used in conjunction with a high-deductible health insurance policy. The funds can roll over from year to year and the account is portable. Seventeen organizations (17 percent of the total sample) offer HSA-compatible HMO policies, and fourteen organizations ( 14 percent of the total sample) offer HSA-compatible PPO policies.

## Employer Contribution-HMO Insurance (Traditional Plans)

The following tables show the average payment of premiums by employers for both employees and their dependents for medical insurance through a Health Maintenance Organization (HMO) plan (see page 4 for definition). Results show that 100 percent of respondents who offer HMO coverage pay at least 50 percent of the cost for the employee, and 26 percent pay the entire cost for the employee. Note that the information in these tables does not include organizations that offer HMO coverage through a cafeteria plan.

We asked respondents to list a typical or average office co-payment for the types of insurance they offer. For HMO plans, co-payments ranged from $\$ 10$ to $\$ 50$, with a median co-payment of $\$ 30$. Median deductibles reported were $\$ 2,500$ for an individual and $\$ 6,000$ for family coverage.

## Employer Contribution-EPO Insurance (Traditional Plans)

Two organizations offer insurance benefits through an Exclusive Provider Organization (EPO) plan (see page 3 for definition), an insufficient amount of data to report in this document.

## Employer Contribution-POS Insurance (Traditional Plans)

One organization offers insurance benefits through a Point of Service (POS) plan (see page 4 for definition), an insufficient amount of data to report in this document.

## Employer Contribution-PPO Insurance (Traditional Plans)

The following tables show the average payment of premiums by employers for both employees and their dependents for medical insurance through a Preferred Provider Organization (PPO) plan (see page 5 for definition). Results show that 100 percent of respondents who offer PPO coverage pay at least 50 percent of the cost for the employee, and 21 percent pay the entire cost for the employee.
